Mr. M. Podmanik
The President
FIPS-Mouche

Dear Mario,

MOTION : & REGLEMENT

1. **Background.** During World Championships the anglers are catching various fish species and the anglers are proud of their catches. The individual catches of the anglers are recorded on the catch card and electronic weigh-in program. All the fish being caught, which qualifies to be recorded as the catch of the angler based on the specific angling rules, are recorded during a World Championship.
2. We refer to the FIPSeD governing documents:

Statues Article

ARTICLE 9

FIPS-Mouche PRESIDENTIAL BOARD

9.1 The FIPS-Mouche Presidential Board shall be elected by the General Assembly for a period of 4 (four) years. It shall be composed of:

- a) The President, who is responsible for the general management of FIPS-Mouche. He shall be a member of the C.I.P.S. Presidential Board and shall represent FIPS-Mouche externally to third parties;
- b) The First Vice-President who becomes interim President until the next Congress, if the President is unable to perform his Presidential functions; he will be responsible for recommending statute changes to the Presidential Board;
- c) The Second Vice-President is the Chairman of the Technical Commission and is responsible for recommending changes in the Competition Rules to the Presidential Board, and for maintaining any international calendar of events;
- d) The General Secretary, who, in agreement with the President, is responsible for the observance of the Statutes, correspondence, invitations, financial affairs, and reports of all FIPS-Mouche meetings;
- e) The Technical Commission consisting of the second Vice-President as chairman, the Senior International Supervisor and members proposed by the Presidential Board and confirmed by the FIPS-Mouche General Assembly

FIPS-Mouche Competition Rules

3. **Proposal.** The alteration of the articles above to read as follows:

- a. **Statues Article**

- f) The "Records Official" to deal with the administration of world fishing records as applied by anglers through their National Federation and issuing of certificates to qualified catches.

b. FIPS-Mouche Competition Rules

Inclusion of the following new article.

Table of contents

ARTICLE 41: STATEMENT OF APPROVAL

ARTICLE 42: RECORDING OF WORLD RECORD FOR CATCHES

and

ARTICLE 42: RECORDING OF WORLD RECORD FOR CATCHES

1. *An angler participating in a World Fishing Championship may apply for a FIPS-Mouche World Record of a specific fish caught which qualifies to be recorded as a record.*
2. *The records register will be administrated by the FIPS-Mouche Records official and will present qualifying records to the FIPS-Mouche Presidential Board.*
3. *Once an application is approved by the FIPS-Mouche Presidential Board, a certificate will be issued for the angler to the angler's National Federation at the FIPS-Mouche General Assembly.*
4. *The application for a FIPS-Mouche World Record must be submitted on the FIPS-Mouche World Record Application Form and submitted to the FIPS-Mouche Secretary by email.*

4. Proposed World Record Register. The proposed register detail is as follows:

Species Common Name		Grayling			
Species Scientific Name		Thymallus thymallus			
Course Angling Championship					
Section	Name of Angler	Nation	Length	Catch Date	Place
Youth	Szymon Konieczny	Czech Republic	458mm	11/08/2019	Elbe River
Ladies					
Seniors					
Masters					

08 March 2021

5. Motivation for the proposal. The anglers participating in World Championships are proud to represent their Nation and to participate in a World Championship. For the anglers it is important to receive recognition for their catches during a World Championship. By establishing a FIPS-Mouche World Record Register, FIPS-Mouche will be able to issue a certificate to an angler, should he/she catch a fish which is larger than the exciting, recorded record.

Regards,

Andries Maree
President
