IS team will not be on Capriolo lake as one member is missing due to Covid. Present captains/managers were asked to cover the position in case of any wish - Evert Minaar (RSA) applied to help and cover the lake.

#### **Selection of Jury**

All 4 FIPS-Mouche Delegates present, International Organiser, Stefano Trenti and captains: Matt Gorlei (RSA), Martin Musil (CZE), David Arcay (SPA)

#### **Programme : details on the website**

IO gave overview of the organisation. The bus schedule is very important. All buses will start off from the main hotel. Map with bus parking points distributed. The participants accommodated in the hotel will be picked up by bus and transported to main hotel for further transportation to sectors (way back drop off is optimised based on the sectors). Make sure everyone gets onto the right bus. Importance of colour codes.

#### **Overview of sectors**

Clarification on the change of sector for youth due to decision by Trento government. Italian federation ensures that no team have been training on this new sector

#### **Draw**

The draw was completed and saved on the secure FIPS-Mouche PC. Measuring gauges distributed to all captains. Printouts of groups will be distributed during the opening banquet.

#### **Rules modications**

Change of sector due to Trento government decision.

#### **Safety**

Wearing of facial masks FFP2 during transport and in common areas. Mask provided by organiser.

Medical assistance available at all times.

Water available in busses.

**Lake Sector:**

In order to provide equal fishing condition to every participant, organizers prepared 4 rotations during the session on lake. The system of rotation is not based on regular offsets. To make it easy for the youth participants, the controller will be responsible for knowing precisely the rotation matrix and will guide its competition throughout all rotations.

Important: the captains are not allowed to access their competitions during the competition session as the path around the lake is too close to the back casting zone of the competitor, therefore they are allowed to access (or leave) only during rotation breaks.

**Communications (AOB)**

Official information board at the lobby of Carlo Magno Hotel – opposite the lifts. There will be posted the general information, draw and results. In the second official hotel there will be only general information posted as printout. All results will be published on championship website and on the FIPS-Mouche website in the championship section.
