

Motions by French federation

Motion 1

For the world championship senior there is a trophy indicating the winning nation, that is handed from federation to federation. For the other international championships there is no such trophy. In my opinion there should be no distinction between the international championships.

Thus I wish that a trophy, identical to the World senior championship, be created for following championships:

- World Championship Master
- World Championship Ladies
- World Championship Youth
- European Championship Senior

Motion 2

Along the same line, I wish that for every championship not only a medal is awarded to the competitors but also to their federation and their staff.

The championship medals should be as follows:

- Place and Year / GOLD / competitor (1 for each competitor and reserve)
- Place and Year / GOLD / federation (1 in total)
- Place and Year / GOLD / manager (1 per competition, but to 2 for the Youth category the require a more substantial staff)
- Place and Year / SILVER / competitor (one for each competitor and reserve)
- Place and Year / SILVER / federation (1 in total)
- Place and Year / SILVER / manager (1 per competition, but to 2 for the Youth category the require a more substantial staff)
- Place and Year / BRONZE / competitor (one for each competitor and reserve)
- Place and Year / BRONZE / federation (1 in total)
- Place and Year / BRONZE / manager (1 per competition, but to 2 for the Youth category the require a more substantial staff)
