

*FIPS-Mouche*  
*International Sport Fly Fishing Federation*

---

To: all Presidents of the National Member Federations,

Date: 10.11.2023

Subject: Euro2024 decision on hosting

First of all I would like to thank all 4 Member Federations namely in alphabetical order Federacion Espagnola de Pesca y Casting (SPA), Norske Konkurranseløufiskeres Forbund (NOR), Polski Związek Wędkarski (POL), Sportsko Ribolovni Savez Bosne i Hercegovine (BiH) for their prompt bids that were sent to FIPS-Mouche Board to save the Euro 2024 (due to recent withdrawal from Slovenia because of the late summer heavy floods).

Board had thoroughly considered all similar 4 bids received. Due to the lack of time, we were focused (except for many other aspects) on key deciding factors such as historical prove of event on the venue and when the federation hosted the last event. Board at last unanimously decided that Euro 2024 will be held in **Poland, Lesko on river San on time period 27.Aug-2.Sep.**

On behalf of FIPS-Mouche I would like to congratulate to PZW and we all wish them good luck in preparation of the event on short notice....

Kind regards,

Mario Podmanik

President
