To the FIPS-Mouche General Assembly,
C/O FIPS-Mouche Board

Dear Members of the FIPS-Mouche General Assembly,

I am writing to formally announce my candidacy for the position of President of FIPS-Mouche. As General Secretary of FIPS-Mouche since 2017, I have had the privilege of contributing to the progress and growth of our organization over the past eight years. Serving in this capacity has been an incredibly rewarding experience, and I am deeply honoured to have been a part of our shared achievements during this time.

As my second term as General Secretary comes to an end, I am eager to build upon the foundation we have established together. Should I be entrusted with the role of President, I am committed to working tirelessly to further the development and success of our global fly fishing community. My vision for the future of FIPS-Mouche focuses on several key areas:

- 1. Enlarging Our Member Group:** I aim to strengthen our organization by encouraging new members and forging partnerships with fly fishing communities worldwide, ensuring that FIPS-Mouche remains inclusive and representative of our sport's global diversity.
- 2. Youth Development:** The future of fly fishing lies in the hands of the next generation. I will prioritize initiatives to inspire and mentor young anglers, providing them with opportunities to learn, grow, and excel in this sport.
- 3. Increased Visibility:** Raising the profile of FIPS-Mouche is vital. By enhancing our communication strategies and leveraging modern platforms, I aim to ensure our organization's achievements and activities are shared with a broader audience.
- 4. Attracting Sponsors:** Making FIPS-Mouche more attractive to sponsors will require a professional approach and innovative thinking. My goal is to establish partnerships that provide mutual value and ensure sustainable support for our activities and events.

5. **Member Involvement:** Our members are the backbone of FIPS-Mouche, and their active participation is essential for success. I will strive to engage more of our members in the organization and execution of championships, fostering a stronger sense of community and shared purpose.
6. **Technological Advancements:** To remain competitive and efficient, we must embrace modern technology. Specifically, I propose developing our scoring program into a live scoring system, providing real-time updates during championships and enhancing the overall experience for participants and followers.

I firmly believe that with dedication, collaboration, and a clear vision, we can elevate FIPS-Mouche to new heights. I am deeply committed to leading our organization with integrity, transparency, and a steadfast passion for the sport of fly fishing.

I sincerely hope to earn your trust and support at the upcoming General Assembly in Bohinj, Slovenia. Together, we can continue to build a stronger, more vibrant future for FIPS-Mouche and the fly fishing community.

Thank you for considering my candidacy. Please do not hesitate to reach out should you have any questions or require further details about my vision for our organization.

Yours sincerely,

Stefan Allacker

Candidate for President of FIPS-Mouche
